With its population of teen motor sport enthusiasts, promoters, grease monkeys and drivers, life in the steam and gas powered metropolis of Autodrome is all about the race. On the same day that 15 year old Zar Punkstar qualifies as a Pro Leaguer, he finds his inventor father murdered, and a clue -- a Paranascope scroll containing a holographic map of the city. An encounter with the mysterious race promoter, Braxton Earl, leads him to enter the city's infamous Ramrod Rally, a series of races, obstacle courses and death traps in Autodrome's notorious outer suburbs, The Eras. His team mates include fellow racer and number one crush, Raina Jubilique, and a group of jaded ex-Pro Leaguers who'd sooner stab each other in the back as race together. His opposition are a mixed bag of polished Pro Leaguers, hired thugs, and parts' pirates. But who to trust in a world of competitors? And for a champion like Zar, is the ultimate prize to win the Ramrod or outwit a killer?
