After meeting an Irishwoman in London and moving to Dublin, Bill Barich—a “blow-in,” or stranger, in Irish parlance—found himself looking for a traditional Irish pub to be his local. There are nearly 12,000 pubs in Ireland, so he appeared to have plenty of choices. He wanted a pub like the one in John Ford's classic movie, *The Quiet Man*, offering talk and drink with no distractions, but such pubs are now scarce as publicans increasingly rely on flat-screen televisions, rock music, even Texas Hold ‘Em to attract a dwindling clientele. For Barich, this signaled that something deeper was at play—an erosion of the essence of Ireland, perhaps without the Irish even being aware. *A Pint of Plain* is Barich's witty, deeply observant portrait of an Ireland vanishing before our eyes. While 85 percent of the Irish still stop by a pub at least once a month, strict drunk-driving laws have helped to kill business in rural areas. Even traditional Irish music, whose rich roots “connect the past to the present and close a circle,” is much less prominent in pub life. Ironically, while Irish pubs in the countryside are closing at

the alarming rate of one per day, plastic IPC-type pubs are being born in foreign countries at the exact same rate.

From the famed watering holes of Dublin to tiny village pubs, Barich introduces a colorful array of characters, and, ever pursuing craic, the ineffable Irish word for a good time, engages in an unvarnished yet affectionate discussion about what it means to be Irish today.
