Dating Coach Brad Tisdale has done it again. This new book is ...the BIBLE of how to meet single girls or guys on free online chat rooms. He jumps right in and shows you how it's done when done right. Teaches what to do and what not to do.

You'll get sample profiles and instructions on how to create killer profiles that will attract hot women or men who will want to get to know you better.

He'll teach you why it's important to sometimes act a bit aloof when you're interested ...and especially when you're interested in somebody who is really hot.

This is not just a compilation of thoughts and ideas. No, this book is 100% based upon the real life experiences that Brad has had after over 20 years of using the internet to find, meet and hook up with hot women from all over the world.

That's right TWENTY YEARS! He began doing this stuff before most people online now had ever heard that the internet even existed. back when you had to know something about UNIX code. Back when BASIC and PASCAL were still relevant computer languages. Back before AOL, back when it was being called the World Wide Web ...back when the "internet" consisted primarily of a bunch of individual computers operating BBS systems and linked together.

All of this is to say that this guys is THE MAN. Nobody has as much experience at this and is as good at "thinking outside of the box". A long time ago he figured out how to use his skills as a Copy Writer and marketer to create situations wherein women would be compelled to contact him first and then use that initial contact to build bonds of attraction.

This is far beyond the usual things that most people do in chat rooms. Brad has created a system and it a system that just WORKS unlike anything you've ever seen or tried before.

How well does it work? Well Brad Tisdale is happily married to an extremely beautiful ...and I do mean 'drop dead gorgeous' young woman in her late 20's ...and has been married to her over 6 years now.

How did he meet this beautiful young lady? ...On the internet ...in a chat room. By doing exactly what he teaches.

Based upon his experience he has recently (2012) revised this book based upon changes on the internet. More availability of free features, services, systems, chat rooms etc. It took him over 9 months just to complete the revisions; test things; get chatters to try things; use his system; experiment; etc.

Why did he invest so much into revising a book that he first released just 3 years ago? He wanted everything to be current, relevant and the BEST guidebook that exists. And it definitely IS.

He has used "dating sites" to meet women and had some success ...but nothing like the results that he's been able to get using chat rooms. He also does NOT recommend dating sites UNLESS they have a chat room feature. WHY? The deck is stacked against men in particular and it's stacked high. There are just so many people trying to hook up that even below average girls get TONS of solicitations, compliments, emails, IM's, etc from guys who are frankly... just hoping that they'll get lucky.

Brad applies his deep knowledge and study of the psychology of human interaction to the world of dating. Some things never change. You will learn how to use chat rooms to find, meet and hook up with whatever type person you are seeking ...rather in your area, city, town, state ...or anywhere else in the world.

What MOST people do in Chat Rooms:

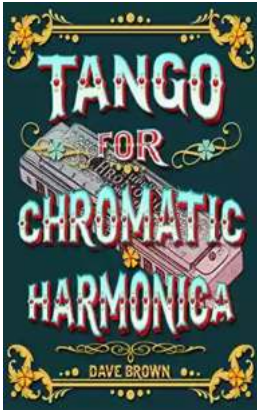

- A/S/L? - (Age? Sex? Where do you live?)
- Pay exaggerated compliments hoping to get a reaction
- Exhibit classic behavior of people who are bored and lonely
- Spend hours having totally meaningless chats (a waste)

NONE of the above is very effective and most achieve literally NOTHING.

Brad says NEVER participate!

Learn how to systematically start bonding and building relationships with people you really like. MUCH less time MUCH better RESULTS ...all you need is the

right PROFILE! They come to YOU!
