

# **The American People in Depression and War (1929-1945): A Tale of Resilience, Struggle, and Triumph**

The Great Depression and World War II were two of the most significant events in the history of the United States. They left an indelible mark on the American people, shaping their lives and altering the course of the nation. In this article, we explore the fascinating and turbulent period from 1929 to 1945, as documented in the Oxford History of the American People in Depression and War (1929-1945).

## **The Great Depression: A Nation in Crisis**

The story begins with the stock market crash of 1929, which triggered a devastating economic downturn globally. Unemployment rates skyrocketed, businesses collapsed, and millions of Americans lost their life savings. The Oxford History of the American People in Depression and War (1929-1945) delves into the personal experiences of ordinary individuals during this tumultuous period, shedding light on their struggles, resilience, and ultimate triumph.

Within the pages of this comprehensive and meticulously researched book, you'll discover stories of families forced to relocate, farmers grappling with agricultural collapse, and workers fighting for fair labor conditions. From the breadlines to the Hoovervilles, the authors provide an in-depth analysis of how the Great Depression impacted different segments of society and laid the foundation for subsequent events.

### **Rise of Franklin D. Roosevelt and the New Deal**

The Oxford History of the American People in Depression and War (1929-1945) examines how the American people responded to the challenges of the Great Depression. Franklin D. Roosevelt emerged as a strong leader, aiming to lift the nation out of despair through his visionary New Deal programs. Through extensive research and compelling narratives, this book offers valuable insights into the policies and reforms that shaped America's recovery.

The authors explore Roosevelt's efforts to combat unemployment, address banking crises, and restore hope to a beleaguered nation. They analyze the successes and failures of the New Deal, discussing the impact of landmark programs like the Works Progress Administration (WPA) and Social Security. By delving into the intricacies of this transformative period, the book highlights the resilience and determination of the American people as they fought to rebuild their lives.

### **America's Entry into World War II**

The attack on Pearl Harbor in 1941 thrust the United States into World War II, prompting a paradigm shift in the nation's focus. The Oxford History of the American People in Depression and War (1929-1945) vividly portrays the impact of the war on the lives of ordinary Americans. It illustrates how the American people rallied together, overcoming their previous divisions and uniting against the common enemy.

This comprehensive account explores various aspects of the war, including the experiences of soldiers on the front lines, the home front mobilization efforts, and the role of women in the workforce. By examining the political, social, and cultural repercussions of the war, the book presents a holistic view of the American experience during this transformative period.

### **The Legacy of Depression and War**

The Oxford History of the American People in Depression and War (1929-1945) concludes by examining the lasting impact of these events on the American people. From economic reforms to societal changes, the aftermath of the Depression and World War II shaped the United States for decades to come. This detailed account provides readers with a deeper understanding of the long-term consequences and accomplishments that emerged from the trials and tribulations of the 1929-1945 period.

By documenting the struggle, resilience, and achievement of the American people, the Oxford History of the American People in Depression and War (1929-1945) offers an engaging narrative that captivates readers and immerses them in this fascinating era. As you delve into the pages of this meticulously researched book, prepare to be transported into the lives of those who lived through one of the most influential periods in American history.

## Freedom from Fear: The American People in Depression and War, 1929-1945 (Oxford History of the United States Book 9)

by David M. Kennedy(1st Edition, Kindle Edition)

★★★★☆ 4.6 out of 5

Language : English  
File size : 7095 KB

Between 1929 and 1945, two great travails were visited upon the American people: the Great Depression and World War II. This book tells the story of how Americans endured, and eventually prevailed, in the face of those unprecedented calamities.

The Depression was both a disaster and an opportunity. As David Kennedy vividly demonstrates, the economic crisis of the 1930s was far more than a simple reaction to the alleged excesses of the 1920s. For more than a century before 1929, America's unbridled industrial revolution had gyrated through repeated boom and bust cycles, wastefully consuming capital and inflicting untold misery on city and countryside alike.

Freedom From Fear explores how the nation agonized over its role in World War II, how it fought the war, why the United States won, and why the consequences of victory were sometimes sweet, sometimes ironic. In a compelling narrative,

Kennedy analyzes the determinants of American strategy, the painful choices faced by commanders and statesmen, and the agonies inflicted on the millions of ordinary Americans who were compelled to swallow their fears and face battle as best they could.

Both comprehensive and colorful, this account of the most convulsive period in American history, excepting only the Civil War, reveals a period that formed the crucible in which modern America was formed.

### The Oxford History of the United States

The Atlantic Monthly has praised The Oxford History of the United States as "the most distinguished series in American historical scholarship," a series that "synthesizes a generation's worth of historical inquiry and knowledge into one literally state-of-the-art book. Who touches these books touches a profession." Conceived under the general editorship of one of the leading American historians of our time, C. Vann Woodward, The Oxford History of the United States blends social, political, economic, cultural, diplomatic, and military history into coherent and vividly written narrative. Previous volumes are Robert Middlekauff's *The Glorious Cause: The American Revolution*; James M. McPherson's *Battle Cry of Freedom: The Civil War Era* (which won a Pulitzer Prize and was a New York Times Best Seller); and James T. Patterson's *Grand Expectations: The United States 1945-1974* (which won a Bancroft Prize).
