Each snare drum in The Orchestral Series is meticulously handcrafted, ensuring that no two drums are exactly alike. From its shell construction to the integration of cutting-edge technology, every detail is masterfully executed to present drummers with an instrument that is both versatile and exceptional.

The Art of Sound Exploration

With the aim of offering a range of sounds suitable for any musical style or preference, The Orchestral Series presents a selection of snare drums that

embrace the art of sound exploration. Whether it is the crispness of a piccolo snare, the warmth of a wood shell, or the clarity of a metal shell, there is a perfect match for every discerning player.

The diversity within The Orchestral Series allows drummers to express their creativity and add depth to their musical compositions. From crescendos to diminuendos, and delicate rolls to thundering beats, each snare drum captivates the audience and immerses them in the enchanting world of orchestral percussion.

Materials and Construction

The materials used in the construction of The Orchestral Series snare drums adhere to the highest standards of quality and excellence. From premium metals to carefully selected woods, each shell is handcrafted to deliver exceptional tonal characteristics.

For drummers seeking a classic sound, the wood shell options, meticulously constructed from maple, birch, or mahogany, exude warmth and resonance. Alternatively, for those yearning for a more vibrant and modern sound, metal shells made from bronze or stainless steel offer astonishing brilliance and projection.

Complementing the exceptional shell materials, The Orchestral Series incorporates hardware and strainers that guarantee precise tuning, allowing the drummer to achieve their desired sound. The snare drums are equipped with high-quality snare wires, enabling a wide range of snare responses, from a crisp and articulate snap to a lively and resonant rattle.
