Understanding the Tactics

Artillery warfare involves more than just pointing and shooting. It requires a deep understanding of various tactical concepts to ensure precise and effective fire support. The Field Manual FM 09-70 delves into the intricacies of artillery tactics, helping you develop a strategic mindset and make informed decisions on the battlefield.

From planning and coordination to target acquisition and fire control, this field manual covers it all. You'll learn about different types of missions, ranging from offensive to defensive operations, and how to adapt your tactics to various scenarios. The manual also provides valuable insights into the roles and responsibilities of each crew member, ensuring seamless teamwork and efficient operations.

Mastering the Techniques

Operating an M109A6 Howitzer requires technical expertise and precise execution. The Field Manual FM 09-70 includes detailed instructions and step-by-step procedures for crew members, covering everything from how to load and fire the cannon to performing routine maintenance tasks.

As you delve into the manual, you'll discover various techniques that optimize the performance of the M109A6 Howitzer. You'll learn how to calculate firing data accurately, adjust for variables such as weather conditions, and employ different types of ammunition for different tactical objectives. The manual also provides guidance on communication protocols and proper radio procedures, ensuring effective communication within the crew and with other units.

Procedures for Success

In the heat of battle, efficient procedures can make all the difference. The Field Manual FM 09-70 lays out the best practices and operational procedures for operating the M109A6 Howitzer. It covers areas such as crew drills, emergency procedures, and convoy operations, ensuring that you're well-prepared for any situation.

Additionally, the manual provides guidance on maintenance and logistics, including vehicle recovery, resupply operations, and preventive maintenance checks and services. By following these procedures diligently, you'll optimize the readiness and longevity of your M109A6 Howitzer, ensuring that it remains a reliable asset on the battlefield.

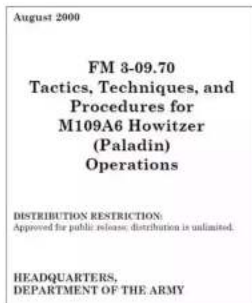

An Essential Resource for Artillerymen

Field Manual FM 09-70: Tactics, Techniques, and Procedures for M109A6 Howitzer is an indispensable resource for anyone involved in artillery operations. Whether you're an operator, a commander, or a trainer, this manual will serve as your go-to guide for mastering the M109A6 and ensuring mission success.

So, if you're ready to unlock the full potential of the M109A6 Howitzer and elevate your artillery expertise, do not miss out on this invaluable field manual. Purchase

your copy today and embark on a journey toward becoming a true artillery master.

Remember, knowledge is power on the battlefield.

Field Manual FM 3-09.70 Tactics, Techniques, and Procedures for M109A6 Howitzer (Paladin) Operations August 2000

Field manual (FM) 3-09.70 (6-70) is focused on Paladin-unique battalion, battery, platoon and section operations. It sets forth the doctrine pertaining to organization, equipment, command and control (C2), operations, and tactics, techniques, and procedures (TTP) for Paladin units. It establishes the duties and responsibilities of key Paladin battery personnel for field operations. FM 3-09.70 is written for the Paladin battery and platoon, as well as for the battalion commander and staff.

It is designed to be used in conjunction with the appropriate FM 6-series, FM 71-3, equipment technical manuals (TMs), Army training and evaluation program (ARTEP) mission training plans (MTPs), and soldiers' manuals.

This FM supplements doctrine and TTP outlined in FM 6-50, TTP for the Field Artillery Cannon Battery and FM 6-20-1, TTP for the Field Artillery Battalion. As applicable, those TTPs for Paladin operations which do not differ significantly from those described in FM 6-50 or FM 6-20-1 are not repeated in this manual.

FM 3-09.70 ties the doctrinal approach with the training strategies outlined in the associated ARTEP 6-037-30-MTP, Mission Training Plan for the Consolidated Cannon Battery, M102, M119, M198, M109A5, M109A6. Refer to ARTEP 6-037-30-MTP for specific time standards regarding Paladin operations and fire missions.
