His passion for gorillas began during his early years in Africa, where he witnessed the breathtaking beauty of these gentle giants firsthand. Inspired by their grace and charisma, Borneman decided to devote his life to studying and protecting gorillas. His dedication led him to establish exclusive gorilla trekking expeditions, allowing wildlife enthusiasts and nature lovers to experience the magic of walking with gorillas in their natural habitat.

Experience the Thrill of Walking With Gorillas

Walking with gorillas is an experience that can leave a lasting impact on your life. As you embark on a guided trek in the dense forests, with Walter Borneman leading the way, you will find yourself immersed in the captivating world of these incredible primates. Every step reveals something new and awe-inspiring.

The sighting of a silverback gorilla, the dominant male of the group, is often an awe-inspiring moment. Their sheer size and commanding presence make for an unforgettable encounter. But it's not just the silverbacks that steal the show; observing the interactions within the gorilla families, such as mothers caring for their young or juveniles playfully swinging from trees, offers a glimpse into the intricate social structures of these remarkable creatures.

Walter Borneman's expertise ensures that you have the best chance of encountering gorillas in their natural habitat. With his guidance, you'll navigate through the forest, following the signs and sounds that indicate the gorilla's presence. Once you reach their location, you'll quietly observe and capture precious moments with your camera, all while under the watchful eye of Borneman and his team, ensuring both your safety and the welfare of the gorillas.

A Conservation Adventure

Walking with gorillas is not just about the thrill of encountering these magnificent creatures. It is also an opportunity to contribute to their conservation. Borneman strongly believes in the power of eco-tourism as a sustainable way to protect gorillas and their habitats. The funds generated from these expeditions are often directed towards local conservation efforts and community development.

By embarking on a walking safari with Walter Borneman, you directly support the ongoing conservation projects aimed at preserving gorilla populations and securing their future. As you witness their natural behavior and learn about their

challenges, you'll gain a deeper appreciation for the urgent need to protect these endangered species.

Plan Your Unforgettable Adventure

If you are ready to embark on a life-changing adventure with gorillas, Walter Borneman is the ultimate guide to make your dream come true. His passion, expertise, and commitment to conservation will ensure an experience like no other.

So, pack your bags, grab your trekking boots, and get ready to walk with gorillas. Discover the secrets of the jungle, witness the magic of these incredible creatures, and play your part in their conservation.

An Inspiring Memoir, for Fans of Jane Goodall, Dian Fossey, and Frans De Waal.

In her enchanting memoir, Dr. Gladys Kalema-Zikusoka, Uganda's first wildlife veterinarian, tells the remarkable story from her animal-loving childhood to her career protecting endangered mountain gorillas and other wild animals. She is also the defender of people as a groundbreaking promoter of human public health and an advocate for revolutionary integrated approaches to saving our planet. In an increasingly interconnected world, animal and human health alike depend on sustainable solutions and Dr. Gladys has developed an innovative approach to conservation among the endangered Mountain Gorillas of Bwindi Impenetrable Forest and their human neighbors.

Walking with Gorillas takes the reader on an incredible personal journey with Dr. Gladys, from her early days as a student in Uganda, enduring the assassination of her father during civil war, to her veterinarian education in England to establishing the first veterinary department for the Ugandan government to founding one of the first organizations in the world that enables people to coexist with wildlife through improving the health and wellbeing of both. Her award-winning approach reduced the impact of the COVID-19 pandemic on critically endangered mountain gorillas.

In the face of discrimination and a male dominated world, one woman's passion and determination to build a brighter future for the local wildlife and human community offers inspiration and insights into what is truly possible for our planet when we come together.
